S - short shaft (381 mm)

L - long shaft (508 mm)

X - ultra long shaft (635 mm)

XX - extra ultra long shaft (762 mm)

E - electric start, tiller handle

R - electric start, remote control

T - electric start, remote control, power trim (DF20AT - tilt)

Z - counter rotation

P - selective rotation

Models DF140 - DF250 are also available with reverse rotation

Configuration:

DF2.5 / 4/5/6/8 / 9.9 / 15/20 / 25A / 30A / 30ATH include aluminum propeller

DF9.9BR / DF15AR / DF20AR / DF20AT / DF25AR / DF25AT / DF30AT include mechanical remote control and aluminum propeller

DF40 / 50/60/70/80/90/100/115/140 include mechanical remote control (optional), analog multifunction meter, trim counter and aluminum propeller

DF150 / DF175 / DF200 / DF200A / DF225 / DF250 include mechanical remote control (optional), analog multifunction meter, trim counter and stainless steel propeller

DF150AP / DF175AP / DF200AP / DF250AP / DF300AP / DF350A include Drive by Wire digital remote control (optional),

digital multifunction MFG instrument and stainless steel propeller (DF350AT two stainless steel propeller)

Extra charge for white color: 25 - 100 KM: 240,00 EUR, 115 - 200 KM: 360,00 EUR, 225 - 350 KM: 490,00 EUR

Supplement for MFG digital multifunction instrument instead of analogue instruments: EUR 296.00

Price list issued: 1.2.2019.
