

OCEANCLASS

OCEANCLASS 65

A class of its own

The OceanClass 65 is the new member of OceanClass yachts family.

After the success of the finely engineered trawler Skagen and its successor OceanClass 70, high ambitions of the designers, engineers and the builder have led to the realisation of the all-new OceanClass 65 project.

While combining prestige and luxury with quality and convenience, OceanClass 65' modern design lifts this yacht on the peak of the 20-m yacht range in all prospects with no rival.

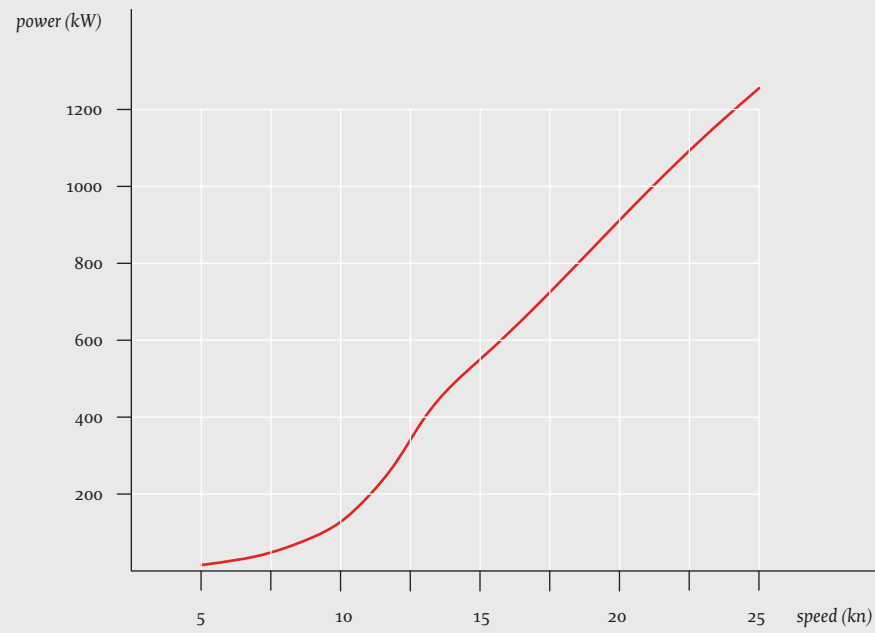

This long-range go-anywhere yacht sets herself apart by her superior seaworthiness, stability and low resistance.

The hybrid hull geometry provides superb fuel efficiency at your choice of speed, anywhere between 10 and 25 knots. The absence of noise and vibration enhances the wellbeing in all spaces and convenience of her features.

OceanClass 65 offers comfort, safety and style.

The new generation of experienced power boaters and mature sailors are looking for a more comfortable and satisfying boat for serious cruising. Because of that we designed and created the boat of the future - The OceanClass 65.

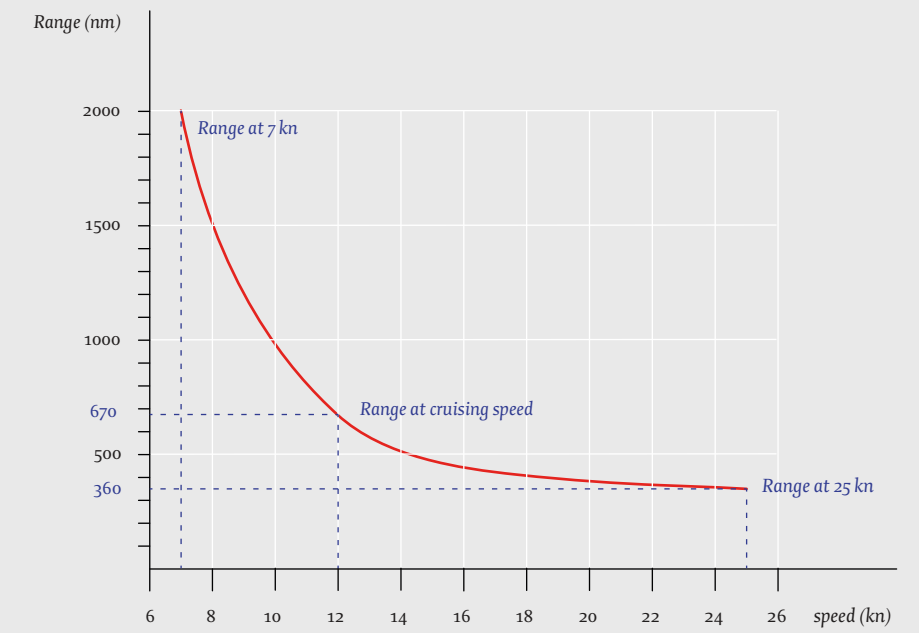

OC 65 Speed-power Curve - Estimated At Half Load

OC 65 GZ Curve

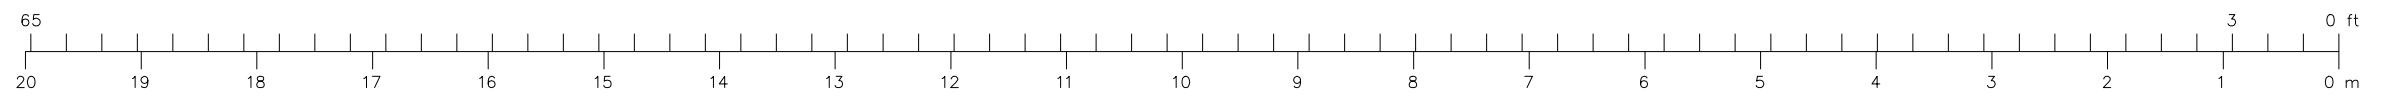

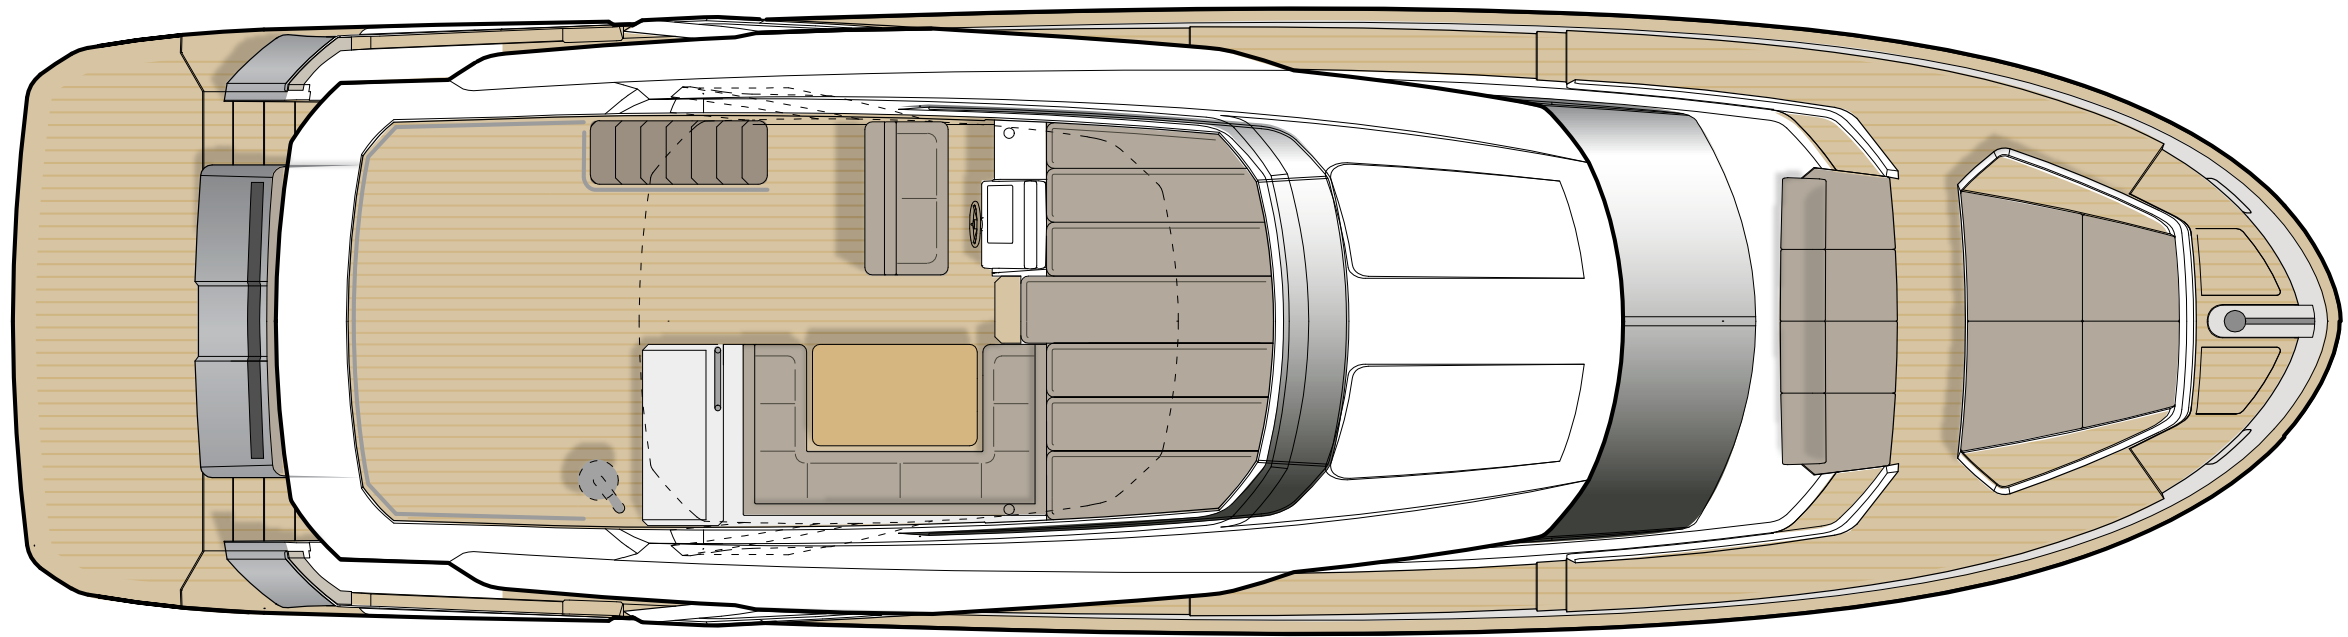

OC 65 Range-speed Curve - Estimated Half Load

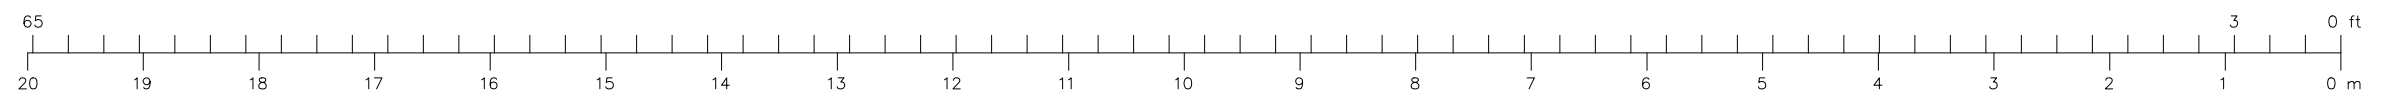

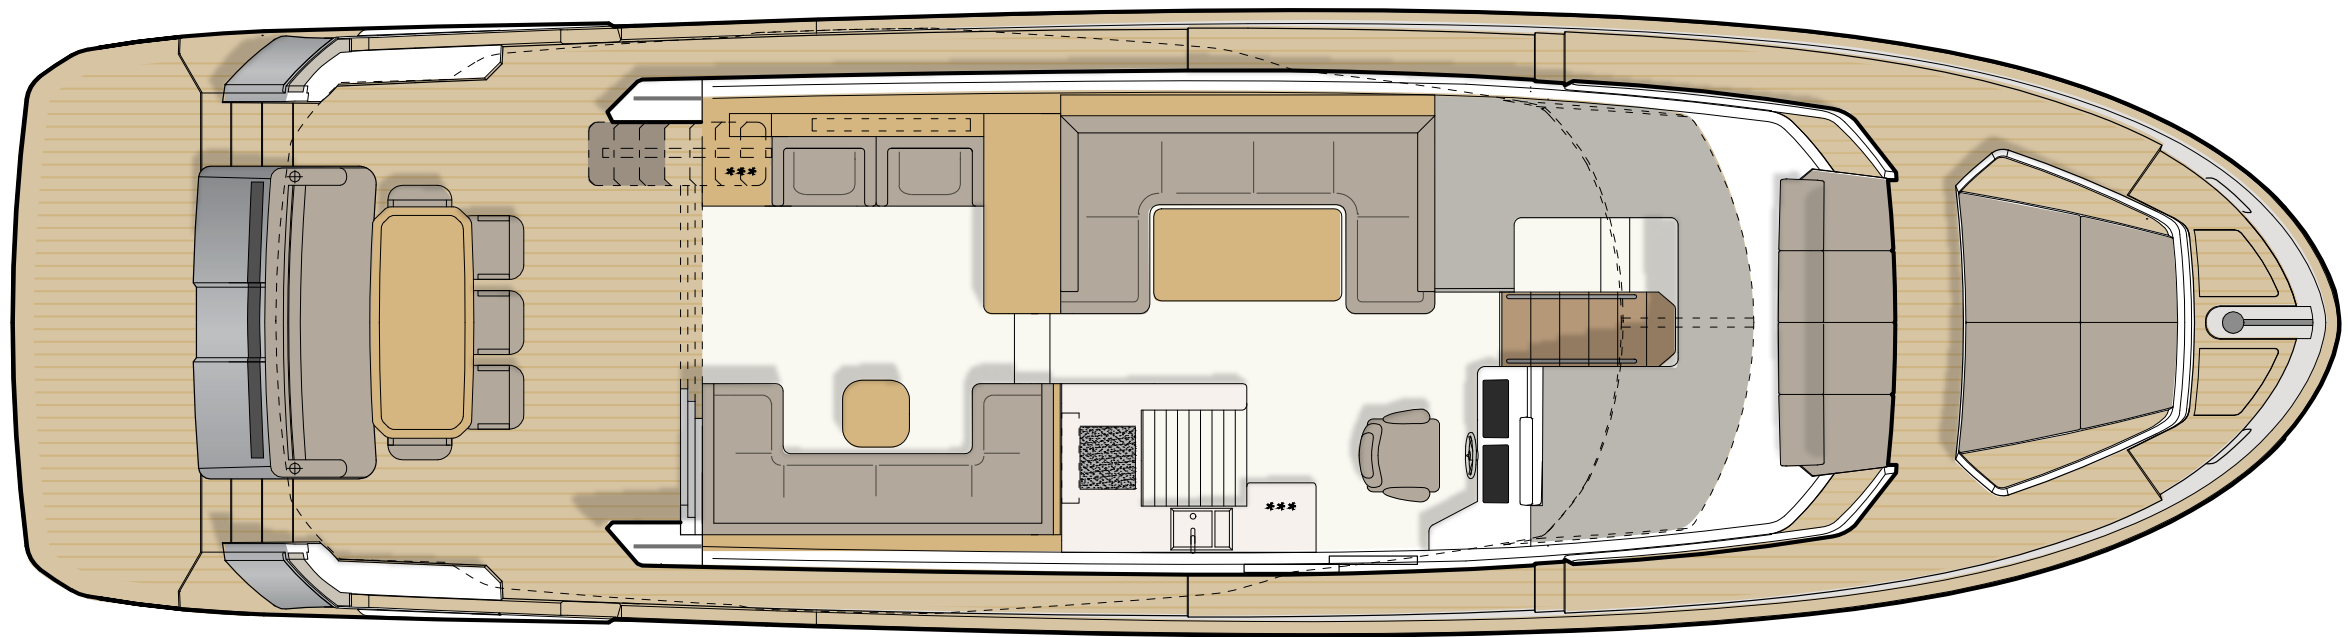

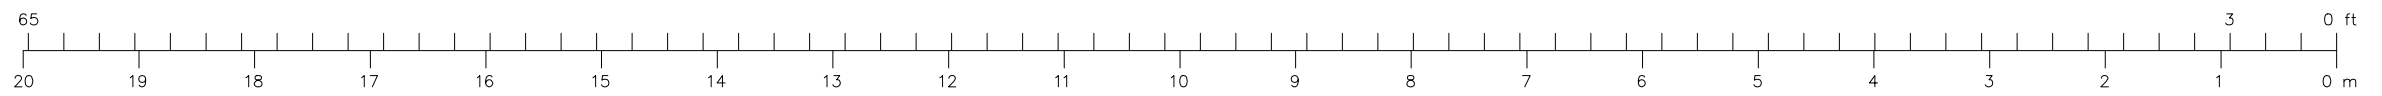

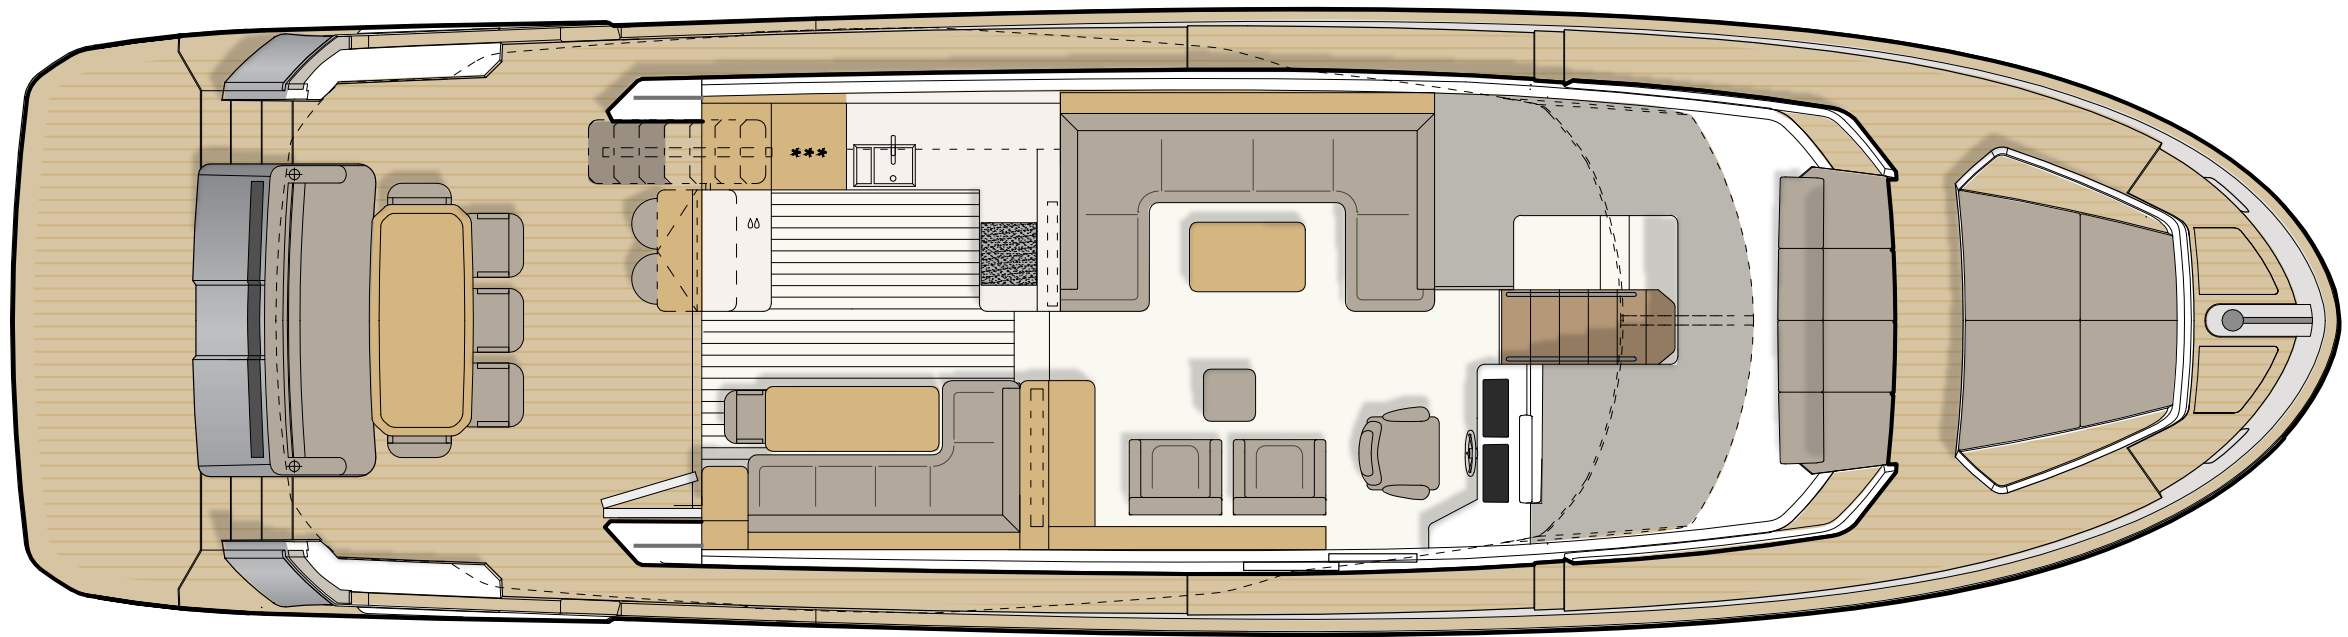

Length overall	20,80 m	Optional diesel engine	CAT C18 ACERT 2 x 1150 HP
Hull construction length	18,70 m	Maximum speed at one third load	22/25/28 knots
Beam max	5,45 m	Cabins	3 + salon
Displacement full load	45,0 T (approximate)	Berths	6
Fuel capacity	4000 l	Toilets/showers	3
Fresh water capacity	1000 l	CE Category	A
Std. diesel engine	CAT C12 ACERT 2 x 715 HP	Design	J&J Design
Optional diesel engine	CAT 12.9 2 x 1000 HP	Builder	SVP YACHTS
